19 View Street

This three-storey home offers ocean views and is ideally situated with convenient lane access and plenty of parking. With two separate titled lots, there is development potential to build an additional dwelling on the second lot, details to be confirmed with the City of Nanaimo. A site survey is available. The main level features a spacious front living room and a functional kitchen with an adjoining eating area, along with two comfortable bedrooms and a four-piece bathroom. Upstairs, you'll find a third bedroom and a den—perfect for a home office or creative space.
